

# Licence Check

Stay legal, get the reassurance you need

Now a paper counterpart is no longer part of UK driving licences, how do you know whether your drivers are legally entitled to drive their vehicle? How do you know if one of your drivers has been given penalty points?

An online Licence Check from IAM RoadSmart is a quick and cost-effective way to answer these questions. It allows you to obtain real-time licence entitlement information about your drivers, removing the need to wait for time consuming paper-based checks or relying on your drivers to declare important changes.

The Licence Check also helps you comply with the Health and Safety at Work Act 1974 on risk assessment.

Licence types	UK licence only
