Membership

Observer News

Calling all members!

Are you considering becoming an Observer? We are always looking for new observers, especially you ladies!

There seems to be a lack of Female observers so if you think you have got the skills to become an observer, please contact myself (Kevin hill) or any member of the committee.

Becoming an observer is not as difficult as you may think. This can be very rewarding and doesn't have to take all of your spare time. If you, like me would like to pass on the skill you have obtained through IAM. There couldn't be another rewarding way to do it.

As we are in the process of retraining our local observers there couldn't be a better time to start. If anyone is interested please come and talk to us on the group evening or contact myself (Kevin Hill) on email kevinhill213@talktalk.net

Associate News

To all associates out there currently being assessed.

Please be aware that if you have been assessed for a year or more without taking your test, you may have to renew your IAM membership to carry on your assessed runs. If you have not managed to complete your course within the year please contact myself to check if you are still valid for insurance purposes. We may be able to extend your membership if there are mitigating circumstances. I should be in contact with any associate that has expired there membership, but if you have not been contacted or think your membership has expired please get in touch.

If Anyone would like to have a piece included in this newsletter please contact me.
